

Berry And Elderflower Jelly Recipe

Serve: 5

INGREDIENTS

100ml Elderflower Cordial
150g Fruits of the Forest (defrost and strain)
16g Gelatine (soak in cold water)
500ml Water (boil)

METHOD

1. Distribute the berries into suitable serving dishes.
2. Thoroughly squeeze the water from the gelatine.
3. Stir the gelatine into the hot water until dissolved.
4. Mix in the elderflower cordial.
5. Pour the jelly mixture onto the berries.
6. When the jelly achieves room temperature place into a chiller until set.
